

EU QPPV - Role based in The Netherlands (ideally Amsterdam)

Competitive salary plus executive benefits

Panacea is a Pharmacovigilance & Regulatory Affairs partner providing services to an expanding client base across Europe and the US. We pride ourselves on our excellent relationships with our customers, developed through providing a truly tailored, fully compliant service.

Due to continued growth, we are expanding our infrastructure and presence in The Netherlands/Amsterdam. We are looking for an EU QPPV to work primarily from home, with travel as necessary to meet clients and UK-based colleagues, and also to the Panacea HQ on the Isle of Man.

You will fulfil the role of EU QPPV in accordance with applicable EU legislation. As EU QPPV you will be accountable for the performance and maintenance of the Pharmacovigilance System and be responsible for compliance with GVP, as well as with EU and national legislation. In this vital role, you will work closely with the Director of QPPV Services, the Operations Director, and our teams of Safety Scientists, ensuring the performance and maintenance of the Pharmacovigilance System is fully compliant. This will, naturally, involve oversight of the various processes involved in pharmacovigilance including ICSR collection and reporting, PSMF maintenance, production of PSURs, RMPs and signal detection reports, as well as monitoring compliance.

The successful candidate must meet the requirements to be appointed as a QPPV in the EU and have suitable, demonstrable experience in pharmacovigilance and the pharmaceutical industry. It is expected that candidates will be able to evidence high standards in compliance management in previous roles. The position requires expert knowledge of pharmaceutical regulations, standards, current industry practices and experience with interpretation and application.

The job requires strong leadership, pragmatism and organisational skills with the flexibility to succeed in a fast-moving environment. You will also need excellent interpersonal, communication, presentation and facilitation skills, and the ability to identify risks, to make decisions independently, and to escalate issues when necessary.

To apply, please send your CV and covering letter to hr@panacea.im quoting reference QPPV0821. Please mark your application for the attention of the Chairman. For more information on Panacea, please visit www.panacea.im

PLEASE NOTE: AGENCY APPLICATIONS WILL NOT BE CONSIDERED
